

Features

- 1.28 gpf (4.8 lpf)
- Left-hand Polished Chrome trip lever
- Combines with the K-31588 bowl to create a complete K-31621 Cimarron™ elongated toilet

Technology

- Single-flush gravity uses the force of gravity and a precision-engineered tank, bowl, and trapway to create a strong siphon during flushing
- AquaPiston™ canister allows water to flow out of the tank from all sides (360°), increasing the power and effectiveness of the flush
- Flush valve's 3:2 ratio harnesses the natural force of gravity and optimizes flush performance
- Durable canister design has 90% less exposed seal material than a 3" flapper for leak-free performance
- Light-touch canister flush requires a lower actuation force than a flapper

Recommended Products/Accessories

- K-31588 Elongated toilet bowl
- K-25986-L Left-hand trip lever
